

Problem 5: Your Communications instructor has asked each student in the class to create a two-page Web site to help students in the class get to know more about the area in which you are majoring in school. The first Web page is a home page that includes basic information about your major. If you can, add an image related to your chosen field somewhere on the Web page. Add a link to the second Web page. The second Web page includes a paragraph of text and numbered lists with links.

Page 1:

Input:-

```
<!DOCTYPE html>

<html>

  <head>

    <title>Computer Science & Engineering</title>

  </head>

  <body>

    <h1>Computer Science & Engineering</h1>

    <h2>About CSE</h2>

    Computer science and engineering is a field of study that focuses on
computers,programming,software,hardware and technology.</p>

    <h2>What we learn</h2>

    <p>CSE students learn programming languages, web technology,
databases, computer networks and software development.</p>
